Easily track your energy

Sigen GPT service

Drive with sun power

Cut electricity bills and carbon emissions by charging your EV from solar power with versatile charging modes*

100% PV charging mode

Solar boost charging mode

Fast charging mode

*Need to be used together with SigenStor

Highly reliable & durable

IK10
impact proof

IP65
protection rating

55°C
no power derating

4000 m
no power derating

Dynamic load mgmt.

Dynamically modify the charging power from 1.4 to 22 kW, say no to overload-tripping.

Auto. phase switch

Automatically switch from 3-phase to 1-phase to prevent overload.

Rich configuration Satisfy your needs

Charging Power
7 / 11 / 22 kW

Communication
4G+WLAN

Charging Interfaces

Type2 / Type2 socket with shutter

Authentication

RFID / APP / Auto-charge (no authentication)

- Optional PEN protection module, satisfied the UK Smart Charging Regulations
- Type A RCD protection level, satisfied with IEC/EN 61008, IEC/EN 62955 safety certification
